Professional Summary

Mechanical Engineering undergraduate at Prof. Ram Meghe Institute of Technology and Research with a strong interest in Software Development and problem solving. Skilled in JavaScript, React, and frontend web technologies with hands-on experience building responsive web applications and solving real-world development issues. Actively preparing software and IT roles.

Education

Prof. Ram Meghe Institute of Technology and Research, Badnera, Amravati — Amravati, Maharashtra
Bachelor of Technology in Mechanical Engineering — Expected : July 2027

- CGPA : 8.16

Independent Junior College Rural Institute, Amravati — Amravati, Maharashtra
Percentage: 63.17% — May 2021 – May 2023

Technical Skills

Programming Languages : JavaScript, Java

Frontend Development : HTML5, CSS3, React.js, Tailwind CSS

Tools & Platforms : Git, GitHub

Core Concepts : Data Structures & Algorithms (JAVA)

Projects

Full-Stack Blog Application — Live Demo

Tech Stack: React.js, JavaScript, Tailwind CSS, Appwrite, TinyMCE, React Hook Form

- Designed and developed a modern full-stack blogging platform with secure user authentication and role-based access management.
- Implemented complete CRUD functionality enabling users to create, edit, update, and delete blog posts efficiently.
- Integrated TinyMCE rich text editor to provide an enhanced content writing and editing experience.
- Utilized Appwrite services for authentication, database management, file storage, and image upload handling.
- Built a fully responsive user interface using React.js and Tailwind CSS for seamless performance across devices.
- Deployed the application on Vercel and resolved deployment, routing, and frontend integration issues during production setup.

Media Search Application — Live Demo

Tech Stack: React.js, Redux Toolkit, JavaScript, Tailwind CSS

- Developed a responsive media search application integrating Unsplash, Pexels, and Tenor APIs for searching photos, videos, and GIFs.
- Implemented dynamic search functionality, media rendering, and collection management using Redux Toolkit.
- Designed a clean and responsive user interface using Tailwind CSS to enhance user experience across devices.
- Deployed the application on Vercel using Git and GitHub for version control and deployment management.

Certifications

Technology Job Simulation – Deloitte (Forage) — Jun 2025

Web Development Job Simulation – City of Moreton Bay (Forage) — **Jul 2025**

HackerRank Java (Basic) Skill Certification — **May 2026**
